## WEDDING BELLS RANG IN SWEETEST CHIMES.

Owsley-Shanks Nuptials Brilliant  
Social Event In Historical  
Old Southern City.

The wedding of Mr. Thomas Handley Shanks, of Stanford, and Miss Mattie Hays Owsley, of Columbus, Georgia, was one of the most brilliant nuptial ceremonies ever seen in that historic old Southern city, according to accounts of the wedding published in the Georgia papers. The wedding is of much interest in Kentucky, for both the bride and groom are representatives of prominent old Kentucky families, the bride's father, E. P. Owsley, being a son of Dr. J. B. Owsley, the retired capitalist of this city. The younger Owsley went to Columbus a number of years ago, where he now holds a foremost position as one of the leading financiers of the South. The bride, his only daughter, had frequently visited her old Kentucky home, and is very popular in society both here and in her Southern home. A dispatch from Columbus to the Atlanta Constitution said this of the wedding:

Columbus, Ga.—The wedding of Miss Mattie Hays Owsley and Mr. Thomas Handley Shanks, which took place on Thursday evening at the beautiful suburban home of Mr. and Mrs. E. P. Owsley, was a brilliant social event.

The entire lower floor was thrown open to the guests and every where were quantities of cut flowers.

Promptly at 8 o'clock the ceremony took place, Dr. I. S. McElroy officiating.

First came the little girl, Misses Elizabeth Bradley, Margaret Bullock, Marian Lummus, Margaret Gordon, Susie Blackmar and Elizabeth Blackmar. They were dressed in white and carried a feathery garland of white pinks, forming an aisle for the bride. Then came the bride's maids and matrons, Miss Lucy Hill, Miss Lottie McElroy, Miss Jones, Miss Thomas, Mrs. Alfred Blackmar, Mrs. Arthur Chenoweth, also gowned in white and carrying shower bouquets of double white petunias and ferns. The matron of honor, Mrs. Richard Putnam, of Kentucky, wore an exquisite robe of white and her bouquet was of pink carnations. The bride entered with her father, wearing an elegant gown of champagne satin and duchess lace, her flowers being valley lilies and roses.

In the dining-room, sweet peas and calla lilies were used, tall silver vases and baskets filled with them were placed about the center table. Stately Paul Neyron roses were banded on the hall mantel and spring roses of every kind were used in the living rooms.

Serving punch were Misses Aylmar Ilgen, Isabelle Battle and Mildred Salisbury.

The bride's mother wore an exquisite white silk gown with silver trimmings, and Mrs. Lou Shanks, the groom's mother, wore black satin with jet trimmings.

Mr. and Mrs. Shanks left at 10 o'clock for an extended eastern tour and will spend the summer in Kentucky. After October 1, they will be with Mr. and Mrs. Owsley, at Wynnton.

Among the out-of-town guests present were Miss Nina Jones, of Waynesboro; Miss Thomas, of Athens; Mrs. Arthur Chenoweth, of Birmingham; Mrs. Richard S. Putnam, Mrs. Lou Shanks, Mr. and Mrs. John H. Shanks, Mr. W. H. Shanks, Mrs. Thomas A. Rice, Miss Pauline Hocker, Mrs. Kirby Bourne, Dr. R. A. Jones, all of whom were from Kentucky.

## Pretty Romance

Completed In Wedding of Miss  
Gillock And Mr. Jones.

A pretty romance had its happy culmination at Hustonville, this county, Wednesday, when Miss Edna Gillock was united in marriage to Chas. Jones, the Rev. J. J. Montgomery, officiating. After a wedding trip to the South they will make their home at Hustonville.

The bride is the daughter of George Gillock, and one of the most popular young ladies in the West End of the county. Their courtship might be called a telephone romance, for Miss Gillock was connected with the telephone company's exchange at Hustonville, and Mr. Jones had been in the employ of the company at Crab Orchard and Stanford. When the subscribers to the Hustonville exchange learned that wedding bells were soon to ring, they rebelled so at the thought of giving up their charming and most accommodating operator that they held a meeting and petitioned the company to transfer Mr. Jones to Hustonville, so that they might still keep the bride. The company proved obliging in the matter, and not only has transferred Mr. Jones to Hustonville, but has given both him and his popular bride handsome increases in salary as wedding presents.

## Fine Selection.

Greenberry Bright to Represent  
Big Wholesale House.

Greenberry Bright has been appointed traveling representative for Curry, Tunis & Norwood, the big Lexington wholesale grocers, and will go to work for them Monday. He will have territory south of the L. & N. railroad, with headquarters at Stanford. This is a splendid appointment for the popular local man, and especially complimentary since he was selected over 22 other applicants to take this territory. Mr. Bright has been with George H. Farris since coming back from Phoenix, Arizona, where he resided for several years. The many friends of Mr. Bright and his popular family will be glad to know that they will still make this their home.

## How About This?

The Danville Advocate says: Excitement ran high in Hustonville yesterday morning when the report was received that night riders had visited the tobacco beds of Nathan Pipes and removed the canvas, permitting the plants to freeze. Lair's bloodhounds were called out but established no trail. A more detailed investigation proved that a flock of sheep had gotten entangled in the canvas and carried it away.

## Feland-Watt.

Brilliant Nuptials Solemnized In  
Baptist Church at Danville.

A large number of Stanford friends attended the wedding of Miss Adele Feland, of Boyle county, but a former Lincoln girl, and John R. Watt, of Louisville, in the Baptist church at Danville, Wednesday morning at 10:30 o'clock, Dr. Everett Gill officiating. Miss Cooper Feland, sister of the bride, was maid of honor, and D. A. Campbell, of Alabama, best man. A. M. Feland, Gill M. Cooper, Charles K. Hay and C. W. Pennington were the ushers. The bride is the handsome daughter of Mrs. A. M. Feland and is very popular and attractive. Mr. Watt is connected with the civil engineering department of the L. & N. railroad, being a superintendent.

The young couple left for a trip through the South and before returning will spend some time in the East. Among those from a distance who attended the wedding were A. D. Campbell, of Alabama, J. F. Burrus, of Elizabethtown, E. E. Snyder, Superintendent of the L. & N. of Louisville, Alvie Wayne, of Lebanon, Evan Ditto, of Louisville, James West, of Greenfield, Ohio, Chas. Landrum, of Louisville, and Miss Edna Bates, of Louisville.

After the formal ceremonies, a banquet was served and a splendid time enjoyed by all. The officers elected are: N. G., A. L. Foster; V. G., H. H. Singleton; Secretary, Stanley Mcintosh; Treasurer, L. G. Gooch. The lodge starts off with 18 charter members, all among the most prominent and substantial citizens of that community.

## To Fence Ball Park.

School Board Decides To Help  
Youngsters In The Game.

At a meeting of the Board of Trustees of the Stanford Graded School it was decided to build a fence around the athletic field in the rear of the school house. A wooden fence high enough to prevent any one on the outside from witnessing ball games and other athletic contests without paying, will be put up. School authorities all over the country have found that fostering of the athletic spirit among the pupils has proven a splendid way to encourage interest in the entire school work, and this step by the Stanford trustees is right in line with the progressive movement which is taking hold so fast in the schools of Kentucky.

Work will be started at once upon the building of the fence and it will probably be up in time for service at most of the games this season.

## To Locate In Mexico.

Horace W. Bowman, of Lethbridge, Alberta province, Canada, spent yesterday with Mr. and Mrs. C. P. Cecil on Main street. Mr. Bowman returned a few days ago from Canada and has been with friends and relatives in Lexington. He and Mrs. Bowman spent the winter in California, but have been in Canada since the latter part of February. He has sold a large portion of the land he purchased in Alberta. Mr. Bowman says the climate there is usually more pleasant than in Kentucky. He has purchased a large area of land in Old Mexico and will leave soon for his new possessions in that republic.—Danville Advocate.

## UNCLE SAM TO OPEN BIG TRACT IN WEST.

Lincoln County Boy Writes Of  
Great Prospects Ahead At  
Parker, Arizona.

Robert C. Saufley, a former Stanford boy, who is in the real estate, mining and insurance business at Parker, Arizona, writes some interesting notes about the western country in which he located. He says:

Thinking that possibly the readers of the old I. J. will be interested in what Uncle Sam is doing in this country, I will give you a little description of what we have in this country and what we hope to have in the near future. In the first place, we have the finest climate in the world for ten months in the year, the other two getting pretty warm, but with all the heat there are never any prostrations, owing to the absence of humidity. Any one who has been in this part of the country could not have helped but notice what an abundance of water means to any section, and we have all the water we can possibly use, for we are situated on the banks of the mighty Colorado river, that has an average flow of 40,000 cubic feet a minute. The Parker townsite is situated on the Colorado River Indian Reservation and was surveyed and platte last year. It contains about 1,000 acres and is divided into about 3,000 lots. Parker has an ideal location, being situated on a broad, level mesa, with a gentle slope toward the river.

The public sale of lots will commence at 10 A. M. on May 10th, next, and will continue as long as necessary. The government expects to reserve a part of the lots from this sale to be sold at another sale next November, for a great rush is expected, and it is believed that the lots will bring a higher price in the fall, after things are opened up and well under way, than if they were sold all at one time. At the present time there are about 600 "squatters" here, who, according to the ruling of the Land Office, will get to buy the lots that they have "squatted" on at the appraised valuation without bidding, only two lots being allowed to each "squatter."

Parker is at present the terminal of the famous cut off of the Santa Fe railroad, which has completed a five-span bridge across the river here at a cost of \$1,000,000, and is now rushing the line to connect with the main line at Bengal, Cal. When this line is finished this will be the principal main line station between Phoenix, Ariz., and San Bernardino, Cal. It is a foregone conclusion that we will have the division point and the shops here, for we have the geographical situation and the only large amount of water for hundreds of miles either way.

Tributary to Parker and in this reservation are about 250,000 acres of the finest land in the world. It is all fertile and irrigable and will grow any crops that grow in either the temperate or semi-tropical zones.

The Mohave Indians—there are about 400 of them on the reservation—farm a small part of this land in a way and get wonderful crops with the least amount of work, for they are the laziest people I ever saw.

The government has investigated and selected a natural dam site for the irrigation of this immense body of land, and as soon as this sale of the townsites is over, we are going after the next link—the opening of this reservation to settlement.

Parker has a great future. We easily have resources capable of supporting a town larger than Lexington, and Fitz-Mack, the celebrated mining engineer, says that we have a much better mineral showing, considering the development, than Denver had at the same period in its history.

We have everything that helps to make the big cities—waterways, railroads, mines and irrigable land. We have a hustling town and it's getting better all the time; and after the opening, we expect a phenomenal growth. Our expectations are justified, for this is without a doubt the best advertised place in the west today. At the present time, the Parker district commands the attention of the mining world, and deservedly so, for there is more ore in sight in the hills that surround this valley than in any known region on the globe.

In conclusion, I want to congratulate you and the people of good old Lincoln on the paper you are giving them. It always was a good paper, and it has improved wonderfully. It is sure worth the price, and then some.

THE war being waged on the great  
white plague by the Kentucky Anti-  
Tuberculosis Association has already ac-  
complished much good. Education of  
the people to the fact that consump-  
tion can easily be prevented has proven  
one of the greatest aids in the fight.  
This and many other things that the  
people of Stanford ought to know to  
help them conserve their good health  
will be explained at considerable length  
at the meeting in charge of the physi-  
cians at the Presbyterian church Sun-  
day night. There are several other lit-  
tle matters affecting the health and  
sanitary welfare of this community,  
which can be discussed with much profit  
and doubtless will be, more or  
less, by the speakers. Everyone who  
can should attend and help the good  
work along.

No American citizen ever received  
such homage as is being paid Theodore  
Roosevelt at the courts of Europe. And  
to tell the hard truth, there's no Amer-  
ican citizen—unless it be William Jen-  
nings Bryan—to whom such homage is  
more justly due. Will all this mean a  
third term for the Terrible One?

## Oldest Center Man Dead.

Here is an example worth reading:

George Wright, Stanford St., Lan-

known of a better kidney remedy than  
Doan's Kidney Pills. Last fall my

neys were badly disordered. The se-  
cretions from these organs were scanty  
and painful in passage. I fortunately  
had Doan's Kidney Pills brought to my  
attention, and getting a box. I began  
their use. They relieved me quickly,  
and in return, for the benefit I receiv-

## Almont Dare

A. S. H. R.

Sired by Dignity Dare 1982, he by Chester  
Dare 10, he by Black Squirrel 58, he by King  
William 97, 1st dam Toxaway 4768, also  
registered in Vol. 10, A. T. H. R. She by  
Abdallah Mambrino 3715, he by Almont (33);

bon Chief; 3rd dam Mattie S., by Foreign Light,  
by Foreigner, by Imported Glenco; 4th dam Bet-  
tie C., by Cunningham's Copperbottom; 5th dam  
by Imported Buzzard.

NOTE.—Almont Dare, so far as we are able  
to discover is the first horse on record having to  
his credit the honor of defeating with his own  
progeny those of his sire, Dignity Dare. Since  
he first became a sire he has had from 1 to 4  
premium colts shown each year at the different  
county fairs and they are developing into a fine  
lot of walk, trot and 5 gaited ones. This horse  
is the result of a lifelong mating with the best  
dams and sires obtainable, and as a natural result  
is a fine horse, beautiful bay, about 16 hands,  
and made fat, would weigh around 1200 pounds.  
A show horse among champions, fully their  
peers, going to distinct saddle gait all fast, true  
and naturally extremely high. A high tailed  
one. He is a full brother to that walk-trot geld-  
ing Nettleton that sold at a 4 year old for \$3,-  
600, and to Troxy Dare that has won more  
premiums than any mare ever sired by Dignity  
Dare and a list of others too numerous to men-  
tion. This horse, owing to age and location,  
will make the season at our stable, 2 1-2 miles  
from Hustonville on Hustonville and Liberty pike,  
at \$15 to insure a live colt. Mares traded or  
bred elsewhere renders season due. Grass in  
abundance at \$2 per month. Our personal at-

### PRESTON.

NO. 922 VOL. 11.

This Champion 5 gaited saddle stallion of Kentucky. Winning at all the Kentucky fairs and also at the horse shows at Buffalo, N. Y., St. Louis Mo., and Kansas City.  
Sired by Washington No. 54, first dam Bell by Rhoderick, No. 104, second dam by Denmark.  
Preston is a brown horse 15 3/4 hands high with fine style and very high action.  
He has not only proven himself to be a great show horse, but also a great breeder. He is the sire of Carroll Preston owned by W. O. Walker of Stanford, Ky., for which he refused \$3,500 last season when he was only 3 years of age.  
He is the grand sire of Diana of the Lea, a winner at Madison Square Garden last Fall, for Lawrence Jones who paid \$5,500 for her, also a grand sire of Queen of the Night that sold in N. Y. March 14 1910 for \$850.  
Preston will make the season of 1910 at my stable in Crab Orchard, Ky., at the reasonable figure of \$20 to insure a living colt. Will keep mares on grass at \$2.50 per month but will not be responsible for accident or escape of stock. Season is due if mare is traded or parted with or bred to other stock.

J. C. BAILEY,  
Crab Orchard, Kentucky.

### GEORGE HUR.

A very fine draft stallion, weight 1,600 pounds, stands full 16 hands high. He was sired by Ben Hur Major, 273, 3135, Grand Sire Scott, 2430, Dam, Jennie Beatrice, Clydesdale. George Hur is half English coach and half Clydesdale; best draft horses in the state. Will make the season at my place at \$10 to insure a living colt. Colts can be seen at my place. They show for themselves.  
I will also stand two Jacks and a Shetland pony at \$10 each to insure a living colt.

M. S. BAUGHMAN, Stanford, Ky.

#### Ottenham.

T. L. Tucker found a part of the case of a gold watch owned by C. H. Dawes that was run through a cutting-box, while filling a silo on W. T. Tucker's farm last fall.

The stereopticon entertainment held at the Catholic church was a big success and was attended by a very large crowd.

John Bowers, who has a large strawberry patch, says that he was damaged over \$50 by the frost.

From a perch on a tree it seems to us that there is something sold in this section that is intoxicating, and we suggest that our magistrate or county officers investigate.

In this locality it seems that the tobacco plants have stood the frosts and freeze without injury.

Ed White and Herman Enslin, who left here a few weeks ago, write back from the State of Washington that they are well satisfied and that farming looks favorable.

Mrs. Nancy J. McKinney, of Garrard, spent a few days with relatives here.

#### Black Joe.

This handsome young stallion the property of J. D. Eads & Son will make the season of 1910 at my barn in Crab Orchard, Ky., at the very reasonable price of \$15 to insure a living colt.

Black Joe by the noted sire Preston 922, 1st dam Lucile 2nd dam Bettie Robinson by Robinson's Vermont Hambletonian. He is a black horse 15 1/4 hands high, weighing 1025 pounds, 5 gaited and very fast both in his rack and trot, with plenty of style and action. Just the kind of horse for the farmer to breed to get the best all round horse. See this horse before you book your mares and I know you will go no further. Will keep mares on grass at \$2.50 per month, but will not be responsible for accident or escape of stock. Lien retained on colt for season until paid. Season is due if mares are traded or parted with or bred to other stock.  
J. C. BAILEY,  
Crab Orchard, Ky.

#### Cecilian Leaf

44165.

Sired by Red Leaf 21390, the greatest of all roadsters; 1st dam Day Maid by Cecilian, he by Gambetta Wilkes; 2d dam Nell by Balsora 1024; 3d dam Noon Day by St. Elmo 275; 4th dam by Pilot, Jr. 12.

In Cecilian Leaf the blood of C. F. Clay and Red Wilkes is united with that of Gambetta Wilkes and Pilot, Jr., and should prove a cross which cannot be excelled.

Cecilian Leaf is a well developed, registered trotting colt, four years old. He is a rich bay with two white hind feet and a star; is exceptionally rangy for a trotting horse, especially graceful in the neck; stands full 15 3/4 hands; has high action and lots of style and finish, which, in addition to his speed, makes him an ideal horse for the stud. These qualities are just what is needed in a sire to breed high class harness and walk-trot horses, and it is the walk-trot that sells for the most money and has the readiest sale. Cecilian Leaf is unmarked but can trot in 2:28. He will go for a record this summer.

He will make the season at the Pink Cottage barn 1 1/2 miles from Stanford on the Hustonville pike. The fee to a limited number of approved mares this season will be \$15 for a living colt. Season fee due when mare is parted with.

In offering the services of this young horse whose sire and whose dam's sire are among the very foremost of all Kentucky's horses as sires of fancy show horses, I believe that I am making you an offer of rare merit.  
C. E. TATE,  
Stanford, Ky.

#### Stonewall Jackson, Jr.

This fine black saddle stallion was sired by the great saddle breeding stallion, Old Stonewall. This colt's dam was a Denmark mare. He is a nice colt, and has colts to prove his good breeding. Will stand at \$8 to insure until weaning time. We hold a lien on all colts until paid for. Barren mares made to stand by the impregnator. We have perfect success in this breeding.

#### Billy Breckinridge

This fine black jack was sired by Major John D. Harris imported jack. He will make the season of 1910 at my barn at \$8 to insure a colt until weaning time. His get of 1909 is now on my farm to show for his good breeding. He is a sure foal getter.

Note—This is an intensely inbred Morgan stallion, the blood now in demand. A rich dappled bay, black points, 16 hands high, 1200 pounds stallion of great beauty and action, with speed and endurance and unexcelled as a producer of high class show, road and Eastern horses. The records of his produce both in show and sale rings show his value and merit as a producer of fine road, show and sale horses. A look at sire and colts will be convincing.

Will make the present season at my farm 2 1/2 miles from Stanford, Ky., to approved mares at \$15 to insure a living colt. Mares kept at 10 c a day. The best of attention given but no responsibility for accidents or escapes.

## CARROLL PRESTON.

Sired by Preston 922, by Washington 54, by Cromwell 73, by Washington Denmark 64.

1st dam Baby Pence, sired by Enoch Arden, 2nd dam Lady Pence by Almont Forest 2863, 3rd dam by Garrard Chief.

He is a beautiful bay 15½ hands high four years of age. He has more natural action than any horse living, and from his success as a show horse in his three year old form bids fair to make a greater show horse than his grand old sire, being undefeated in his class as a three year old and always getting his part in the stakes against the crack show horses of 1909.

This great young stallion will make the season of 1910 at the stock yards of A. T. Nunnally, Stanford Ky., at the reasonable figure of \$25 to insure a living colt. Mares kept at \$2.50 per month, and not responsible for accident or escape. Season due when mares are parted with or bred to other stock.

**G. G. BEAZLEY,** Stanford, Ky.

## DON VARRICK

This magnificent bred young stallion will make the season of 1910 at my stable near Stanford, Ky., on the Shelby City pike at \$10 to insure a living colt. Don Varrick is 16-2 a beautiful chestnut short back heavy bone in fact the highest type of the trotter and perfect disposition. He is by the great Onward Silver 2:05, that won the \$5,000 Transylvania in a seven heat race in 1902 and the same year won the \$10,000 Bonner Memorial and the M. and M. all in broken heats and sold for \$12,000 and later for \$3,000. Don Varrick is bred exactly like Spanish Queen that won the \$5,000 Transylvania in 1908 making a record of 2:07 and was classified as one of the big four, being one of the greatest money winners on the grand circuit in 1908.

Onward Silver is by Onward, one of the greatest and best sons of George Wilkes. Onward's dam was the dam of Director, the sire of that great family of trotters and pacers. Don Varrick's 1st dam was by Wilkes Boy, by George Wilkes a full sister to The Way 2:15, and half sister to Madeline Patchen, the dam of Robb 2:16, Winchester 2:19, Billy Wilton 2:30, and Miss R. 2:30, 2nd dam Mary by Boggs Grey Eagle the dam of The Way and Madeline Patchen.

Don Varrick's dam produced Dr. Conner that paced a public half mile on the Lexington track at 16 months in 1904, and sold to N. W. Hubinger of New Haven for \$1,000, she also produced Maggie 1:50, that paced a half mile on the same track at 16 months old in 1911 and sold for \$500. Don Varrick is fast game and always on the trot, very rarely ever leaves his feet, in 6 weeks handling last fall he trotted a quarter on half mile track in 34½. See, half in 1:10 and the mile in 2:25, on the track as of track. Please note the rich inheritance speed on both sides, not a missing link for generations. Breed to this fellow and you can't miss the four things every breeder looks for size, disposition, speed and looks. See him before booking your mares. Season money due when mares are parted with or bred to another horse. Mares kept at \$2.50 per day and all care taken, but will not be responsible for accidents or escapes. Don Varrick is a 2:10 trotter if he had the proper handling.

Also at same place will stand

## Two Mighty Jacks Two.

**CLIFTON and RUSSEL.** Clifton is a black jack with light points, 4 years old last September, 15½ hands high with a matchless head and ear, well set, on a rangy neck, has plenty bone and substance and as a breeder he is not surpassed.

**RUSSEL** is a black jack with light points, 4-year-old last August, full 15½ hands high with as much flesh and action as a horse, and as a breeder he is the equal of any jack. Both of these jacks will serve mares at \$10 to insure a living colt. Trading the mare forfeits the insurance. Care will be taken to prevent accidents, but will not be responsible should any occur. Jennets will be cared for after June 1st, and bred by private contract.

## Forced to Leave Home.

Every year a large number of poor sufferers whose lungs are sore and racked with coughs, are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., "when all else failed, and I gained 47 pounds in weight. Its surety the King of all cough and lung cures." Thousands owe their lives and health to it. Its positively guaranteed for Coughs, Colds, LaGrippe, Asthma, Croup—all throat and lung troubles. 50c and \$1; trial bottle free at Penny's Drug Store.

## Dignity Dare 1982.

Combined Stallion, Dark Mahogany Bay, 15.3½; weight 1,200 pounds, is absolutely sound in every way. Kind disposition and easily handled. He has stopped eighth in 18½ hitched to a sulky; is five gaited; a great show horse wearing the blue tie ever since a yearling; at three years old wore 15 blues and one red out of it shows; as a harness horse and as a model is in a class to himself. He was never defeated except by two of his own colts, and has won in rings of 25 head. His colts are always inside the money and when developed, make great saddlers and high priced three and five gaited show horses. Sixty five of his get at an average age of 2½ years sold at an average price of \$111. He has never been defeated in a produce ring when shown with 4 to 18 of his get.

Think of such saddlers as he has sired; namely, Nettleton, Winsom, Prospect, the Jim Anderson Mare, Hay Day, the Price Herring Mare, Toxie Dare, London Dare, Dare All, White Foot, Prince Imperial, and a host of others that have been sold from \$1,000 to \$5,000. Look at his record as a sire of saddlers and see what they can do.

**DIGNITY DARE**, got by Chester Dare No. 10; 1st dam by Welchmont 626 A. T. H. R.; he by William Welch 331 A. T. H. R.; he by Kyndek's Hamiltonion No. 10 A. T. H. R. will serve mares this season of 1910 at my stable in Hustonville at the low price of \$10 to insure a LIVE COLT.

Money due when colt comes or mare traded or removed, or bred to any other stock. A lien retained on all colts until paid for. Grass furnished at reasonable price for mares from a distance and always be settled for before removed. Breeding hours from 8 to 10 in morning and 4 to 6 in evening. Mares will receive my personal attention, but will not be responsible for accidents or escapes. Will also at the same time and place stand my great breeding Mule Jack.

## PEYTON

## Dock Grey

Shetland pony, 38 inches tall, owned by Hugh Reid Foster, will make the season at to insure a living colt. He is by an imported pony that cost \$1,000 in the Shetland Islands, and is regarded by horsemen as the best pony in Kentucky, defeating all comers in the show ring in 1903. Lien retained on all colts until season is paid. Mares parted with or bred elsewhere forfeits insurance and money becomes due. Will make the season at my farm.

**JOHN B. FOSTER,**

\$10 to insure Stanford, Ky.

## Sequel, No. 2512.

Owned by J. B. Sandidge, Hustonville Ky. Bay stallion, left hind foot white; foaled Nov. 17, 1904; sire, Prospect, by Dignity Dare 1882. Dam Squirrel 191, by Black Squirrel 58, 2d dam, Daisy Denmark 188, by Sumpter Denmark, Jr. 3rd dam, Fannie Wallace 56, by Sir Wallace. Sequel is one of those full made ones with two good ends and a middle; is an extra individual in every respect; just such a one as you see winning the blue ribbons in the show ring, is fine gaited, neve touches himself anywhere and is a very high going on all 'round. He has won 16 blue ties in show rings, never defeated. Come and see this grand colt, he is worth going miles to see. Sound. This horse will make the season at Hustonville at \$12.50 to insure living colt.

It compels perfect action of stomach, liver, kidneys and bowels, purifies and enriches the blood, tones and invigorates the whole system and enables you to stand the wear and tear of your daily work. ## All Hail to the Farmers and Stockmen! Behold the Conquering Herds Have Come!

The fine young Jack Excelsior sire Emperor; dam Hidalgo jennet, imported, will make the season of 1910 at the Cedar Creek Valley Stock, Grass, Hay, Grain and Tobacco Farm, 2 1-2 miles south of Crab Orchard, Ky., on the Chappell's Gap pike. He was specially selected from the "Great Jack Herd" of Mr. Isaac Shelby Tevis, Travellers' Rest prior to his jack sale two years ago; for the 1,000-acre ranch. This jack is in his fifth year; is black in color with characteristic

gray trimmings—a true picture of an ideal jack: a paragon of style, symmetry and perfection; has magnificent head, ears, neck and body; a strong, pleasant countenance expressing gratitude; alert, aquiline eyes; the ears the right size, form and beauty, that vibrate in unison and harmony; animated by true and fond emotions. The neck, shoulders, trunk, feet, legs, thighs, muscles, sinews, bones and tail correspond in unique proportions and at once indicate he is a picture-stud to his Jackship. He has the action, agility and animation of a "race" or Arabian steed, and demonstrates to the beholder, he is the gifted son of a noble sire, and has always transmitted to his colts size, form, symmetry, style and beauty with elegance, and these attributes make them sell high. All colts of his have been mare mules except two; and all have sold from \$65 to \$125 at weaning or soon after weaning except two; they are not for sale. Excelsior has a strong, snorous rhythmic, tenor voice and brays the hours in chronological order; and in short or long metre, sings:

Onky! Onky! Onky! I say! I say! Excelsior—the Royal Donkey!

Was sired and foaled in Old Kaintuck; And lives to work and for luck.

I say! I say I'm the Royal Donkey!

I say! I say. See and hear the Royal Donkey!

Chorus—Onky! Onky! Onky!

Jenny, Jenny, Jenny, my Jenny!

Onky! Onky! Onky!

By special permission the following gentlemen and citizens of Lincoln county have kindly consented to be used as reference and endorsement: having raised or purchased his produce and personally know this jack as a great breeder and that his colts are rated with the best, viz: Messrs. John Saylor, John Henry Harris, Brom F. Long, Morgan Chapple, George Holmes, Lute King, Bowen W. Givens, Jacobum Rettesbach and I. S. Tevis.

Excelsior will stand at \$8 under same conditions as the stallion Redalgo. Excelsior is the sire of a very fine jennet colt and is destined to be a great jennet jack. The season for jennets will be \$15.

## Galton's Pedalgo

The young stallion, Galton's Pedalgo, will stand at the 1,000-Acre Ranch. He is a dark bay, 15 hands high, four years old; has all the essential factors of a model stallion. Sired by Galton 12910; dam Pedie, register No. 3715, she (by Falconer's Abdallo Membrino—the season cost \$100; 2d dam Lottie Morey by C. F. Clay, etc., etc. This stallion combines the blood of the Hambletonian, Wilkes, Membrino, Seely, American Star and Clay families, and will stand at \$10 to a limited number of good mares. Lien retained on colts until season is paid. Money due at once if mare is sold or traded. Will not be responsible for accidents or escape of mares. Mares pastured at \$2 per month. If you want stylish, fast trotters, breed to Pedalgo.

## Bullbine, the Peerless.

A hornless, red Short Horn Bull; an ideal animal in color, form, style, size, symmetry, weight, muscle and bone, will stand at One Dollar, cash at the lot, with privilege of return.

All farmers should raise the best beef cattle; it pays to keep the best. It is the bull that is the great factor in transmitting ideal conditions and developments in the herd. Therefore, bring your cows and get calves you will be proud of and that will sell themselves without chin music. Farmers who breed to the best sires, raise the best stock and get the best prices. We ask the courtesy to purchase at the market price the progeny of these fine animals over other buyers.

## The King of Lincoln

A notable and prolific sire. This Jersey bull was sired by Dr. Vaught No. 72945; dam Roberta No. 123610, "A. J. C. C. No. 8 West 17th St., New York, N. Y." will stand at Three Dollars, cash at the lot, with privilege of return. Cows and heifers pastured at reasonable rates. This bull's progeny have been 85 per cent heifers. His high grade heifers have sold from \$35 to \$50 per head as short and low yearlings. Every family should have a good Jersey cow, as a matter of comfort, economy, good living. Always have golden Jersey cream and butter, for no other tastes like this good, yellow butter.

Stockmen and tobacco raisers will do well to keep their eyes on 1,000-Acre Ranch with its fine stock, grassy pasture, abundant water, prolific limonations and much virgin soil, picturesque forests and beautiful landscapes, wire fences and grand pikes, numerous tenant houses and tobacco barns. This land produces the finest quality of tobacco; crop of 1903 sold for 16 1-2 cents; 1909 crop sold for 15 cents per pound.

## The Electric Light Treatment.

The most celebrated and popular treatment of today.

THE ELECTRIC LIGHT TREATMENT was unknown and undreamed of before 1891. In that year Dr. J. H. Kellogg, of Battle Creek, devised the first Electric Light treatment apparatus. Two years later apparatus made after the original model was exhibited at the World's Fair in Chicago. A visitor from Germany saw the apparatus, became interested in it, visited Battle Creek to become familiar with the technique of its use, and in returning to Germany began its manufacture and sale in that country. The treatment soon became highly popular in Germany. King Edward of England was cured of a distressing ailment at Hamburg, by means of a series of these light treatments. As a result he had the apparatus installed in his Windsor and Buckingham palaces.

Emperor William, of Germany, soon after followed his example, as did several of the other crowned heads and titled families of Europe.

Since then a vast number of these light apparatus have been made and are now in use in most of the leading hospitals, physicians' offices and sanatoriums of Europe. More recently the medical profession of this country have become interested in this new and powerful cure and up-to-date physicians, hospitals and sanatoriums are installing this most efficient means of applying a remedy which is capable of rendering important service in nearly every known chronic disease. The effect of the treatment is highly tonic and it rapidly eliminates the cause of such diseases as Rheumatism, Nervous Diseases and Digestive troubles. It has a long record of cures of Asthma, Bronchitis, Obesity, Fatty Degeneration of Heart, Neuritis, Sciatica, Kidney and Liver Disorders, affections of joints, Chronic Headaches, Chronic Constipation, diseases of the skin and many chronic diseases of the nervous system. This Electric Light treatment can now be had in Danville of

there may seem no difference except the name. But if one of them is Baughman's No. 1 Fancy Patent flour there is a big difference. ## How to Cure Eczema, Pimples And Dandruff.

We desire to say that when we took the agency for Zemo, we were convinced that it was a valuable remedy for eczema, pimples and dandruff. Yet we must frankly admit that Zemo has far exceeded our expectations as a treatment for skin diseases. We are pleased to state that we shall continue the agency, as Zemo has given splendid results wherever recommended. Our customers like Zemo, too, because it is a clean, vegetable liquid for external use. Zemo effects its cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clear and healthy. It does not soil the clothing or linen and can be used freely on infants.

With every purchase we give a booklet on skin diseases explaining in simple words how any person can be cured at home of any form of skin or scalp diseases by this clean, scientific remedy. G. L. Penny, Druggist.

## Why Salves Fail to Cure Eczema.

Scientists are now agreed that the eczema germs are lodged not in the outer skin or epidermis, but in the inner skin. Hence, a penetrating salve is required, not an outward salve that clogs the pores.

We recommend to all eczema patients the standard prescription, Oil of Wintergreen as compounded in liquid form known as D. D. D. Prescription. A trial bottle of this D. D. D. Prescription, at only 25 cents, will instantly relieve the itch. We have sold and recommended this remedy for years and know of wonderful cures from its use. We recommend it to our patrons.
